

Accessibility & Inclusion

Accessibility of the School

How is the school accessible to children with SEND?

There may be schools in the County which provide more specialist and tailored environments for students with particular difficulties in relation to medical and mobility needs, but at Hylands School, we pride ourselves in attempting to offer a range of additional provision and will seek to accommodate any pupil where possible and is in the pupil's best interests.

Inclusion

How will the school ensure that my child will be included in activities at the school?

Hylands School is an inclusive secondary school and will seek to ensure that all students are offered maximum possible access to the curriculum at all times. The Haven is available to identified students before school, at break and lunchtimes and during lessons. There is also a wide range of other after-school and lunchtime clubs offered to all students. All students are entitled to be included in all parts of the school curriculum and we aim for all students where possible to be included on school trips. Risk assessments are completed as appropriate and necessary prior to any offsite activity to ensure everyone's health and safety will not be compromised.
