

Emotional Well-being at home:

Emotional Well-being Journals

Due to high demand for our Emotional Well-Being Resources, there is now a 3-4 day lead time for delivery. Apologies for any inconvenience.

These journals, are perfect for home-schooling. There are 4 journals – one for each key stage.

Barry Carpenter, PhD

Professor of Mental Health in Education,

Oxford Brookes University

It is important at this challenging time that parents and carers look after their children's emotional wellbeing. These journals are suitable for children across the ability range, (including those with Special Needs/ Autism). They allow children, in engaging ways, to explore and deepen their understanding of complex emotions.

In support of the Coronavirus campaign the publisher, Butterfly Print, and its kind MD, Neil Walsh, are allowing a single copy purchase by parents, and the delivery charge has been removed.

These are a perfect way of building a child's emotional resilience in these turbulent times.
