

## Modern Foreign Languages

The MFL department aims to foster a love for learning and inspire students to pursue and excel in modern foreign languages. We aim to challenge their academic potential in order for them to flourish and achieve their goal. Students will celebrate multiculturalism and be empowered to understand and improve the world around them.

We aim to give all students regardless of their ability the opportunity to gain a qualification in at least one modern foreign language. Students whose native language is not English are also given the opportunity to gain a GCSE qualification in their native language.

### Key Stage 3

At KS3, students learn either French or Spanish and are then given the choice to study a language to GCSE. We have a well rounded curriculum which encompasses both cultural and linguistic modules which develops our students' love for learning.

Independent learning is encouraged through the use of ICT resources, pairwork, groupwork and whole-class activities.
