

8th June 2021

Dear Year 11 Students

I would like to pass on my best wishes to every member of Year 11.

Although we have said farewell (for now) your educational journey does not end here, and I am writing to provide you with lots of resources to support you into the phase of your education and learning. You have learnt many valuable skills with us at Hylands and retained a huge amount of knowledge, which you will need for life, whether that be higher education, apprenticeships or the world of work.

We want to ensure that you continue on your route to the future you have planned so the first section of this booklet is about **careers** and the support we can offer you in choosing the next step that is best for you as well as looking ahead to the future. There is also a resource called 'virtual work experience' this give you specific tasks and research to do.

Finally, your teachers have been busy preparing resources for you so that whatever that next step is you have the **subject support**, which you need.

Please let us know if you feel there is any further support, we can offer you. In the meantime, I would like to send you a video clip as a thought for how you should use your time this summer <https://vimeo.com/400235114>

Very best wishes,

Ms K Sosin

Assistant Headteacher

Hylands School
